SHUMBUSHO Emile

SKILLS

As a software developer currently based in Rwanda I'm very passionate about computer programming, I have skills in HTML, CSS, JavaScript, NodeJs, React, React Native, FireBase, MongoDB, and Postgres. In addition to that, I have skills in computer networking and Solving Technical support.

EXPERIENCE

Klab, Kacyiru – *Mobile Developer*

May 2022 – Sep 2022

During the period of four months, I have enjoyed the Klab working environment which allows developers to collaborate by solving tech problems and working to gather for delivering companies' projects.

Andela – Technical Leadership Program, Rwanda – *Web Developer*

November 2021 – January 2022

Doing training at the Andela community has taught me numerous skills and gained a lot of experience in landing a remote job.

EDUCATION

College of science and technology, – *BSc(Hons) INFORMATION TECHNOLOGY*

2019 – 2022, Kigali-Rwanda

Ecole technique saint kizito, – *A-Level diploma in computer science*

2019 – 2022, Rwamagana
